

The College of Exploration Presents...

## **SCIENCE EDUCATION FOR 21<sup>ST</sup> CENTURY LEARNERS**

Join us as we explore science using 21<sup>st</sup> century skills for a

**3-week, on-line, graduate level course!!**

October 13 – November 3, 2014

Enjoy the convenience of an online course while connecting with colleagues around the world (while you potentially earn graduate credit via Ashland University\*) as we discuss science education in today's world. This course is geared for science educators of all grade levels. Utilizing videos, websites, articles and a classic text, Peddiwell's *The Saber Tooth Curriculum*, participants will merge the latest research in 21<sup>st</sup> century skills with relevant science topics including marine sciences. Weekly discussions and journals will incorporate 21<sup>st</sup> Century Skills while placing emphasis on making science fun and engaging for students. The course will culminate with participants creating an activity for use in their own 21<sup>st</sup> century classroom. Course Cost: \$150.

**Registration information to be posted to our website in September**
